Judiciary Committee  
Connecticut General Assembly

Dear Members of the Committee:

I would like to voice my support of SB388, HB5415, and HB5412

I also write in opposition to both SB16 and HB5416 for many reasons.

I submitted my application for a CT Pistol Permit this past month and I am looking forward to being a responsible and law abiding gun owner.

The legislation you are putting forward in the latter two Bills is beyond overwhelming.

I read through the first 6 pages of SB16 and noticed that there were over a 120 lines added to the CT State Statute. I was not able to fully go through the remaining 52 pages.

I will not belabor the issue with a long drawn out testimony, I'm sure there will be other testimonies that lay out all of the reasons why someone would oppose these two Bills.

Rest assured that I am passionate about my opposition.

My best to you,  
Mark
